

Navigation through the e-modules

Welcome to the online course

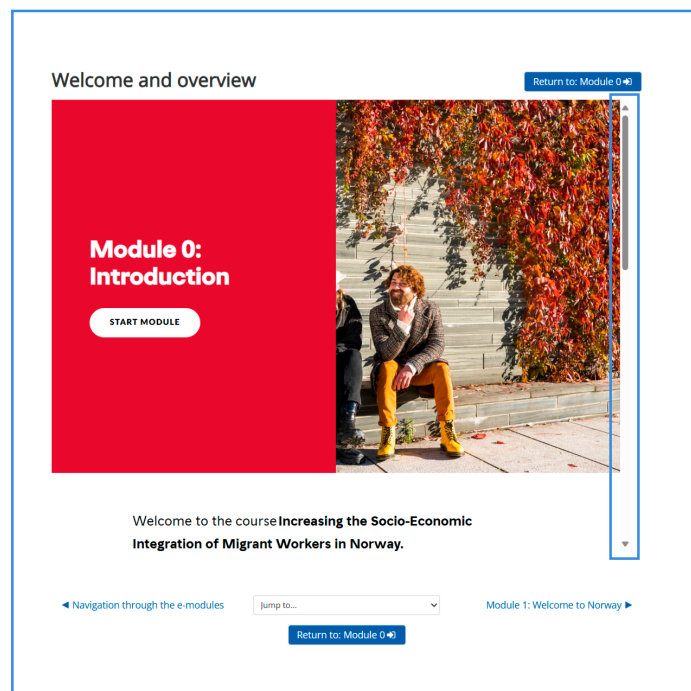

Moving to Norway - Orientation for International Workers

Here are the instructions on how to navigate the e-modules easily.

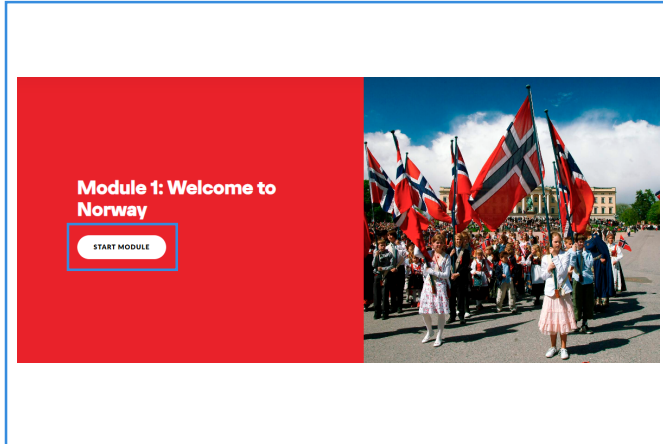

General

The e-modules of this online training have been designed with vertical navigation.

To view the contents on the screen be sure to use the vertical scroll bar that appears in your browser window. Use the mouse scroll to proceed.

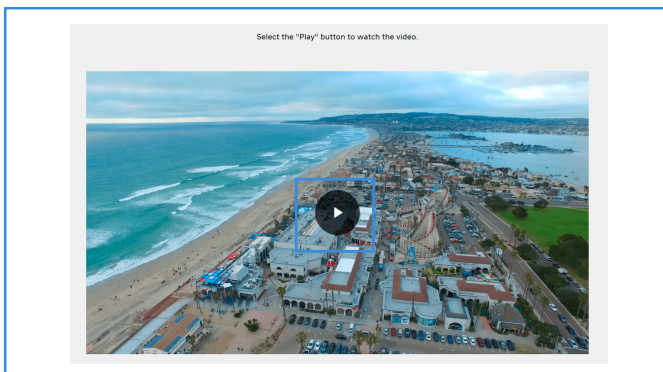

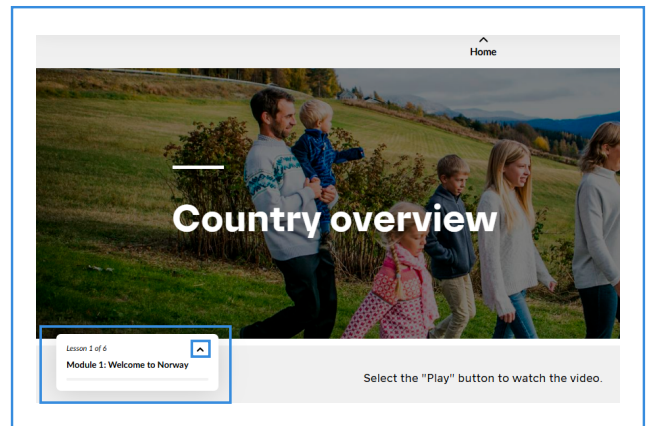

Course Lessons

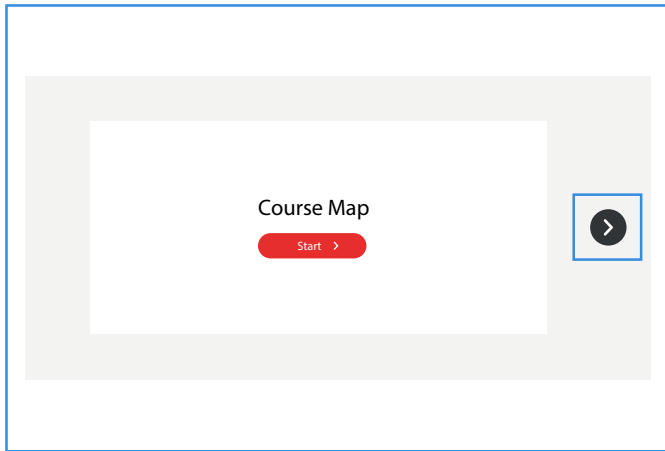

When you have entered an e-module, click on the “Start Module” button to begin.

Each e-module includes a drop-down menu with content titles.

This menu is located at the bottom left of the screen. Click on the arrow pointing up to display the titles and vice versa to hide it. This menu will allow you to move easily between lessons. The lesson titles follow a linear logic, i.e. they will only be available in the menu as you progress.

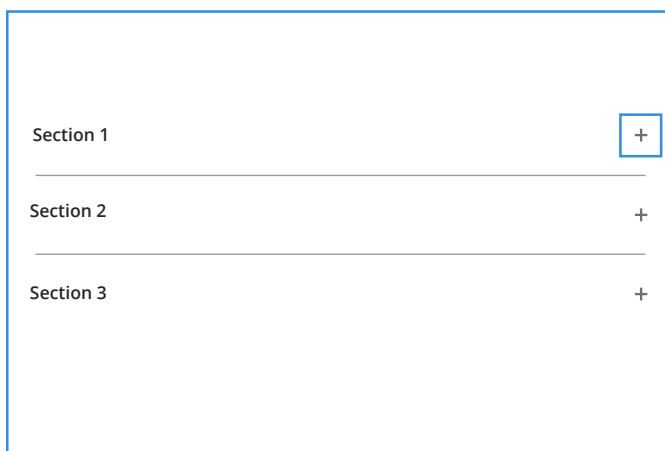

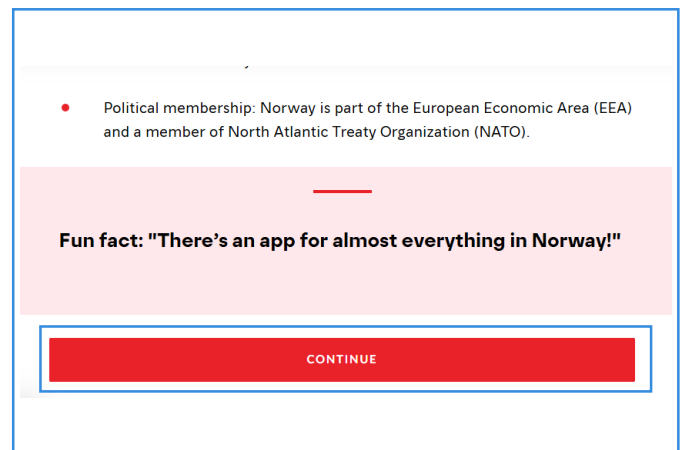

To reproduce videos in an e-module, click on the play button.

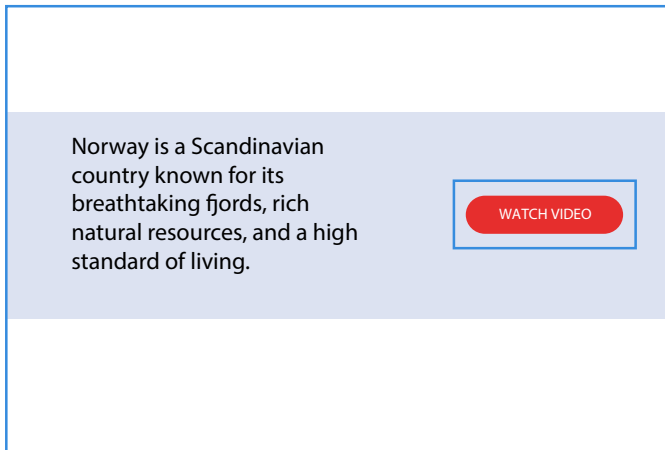

Some sections have an arrow pointing to the right. Click on the arrow or on the button “Start” button to see the following information.

To advance between lessons in a e-module be sure to click on the “Continue” button that appears on the screen.

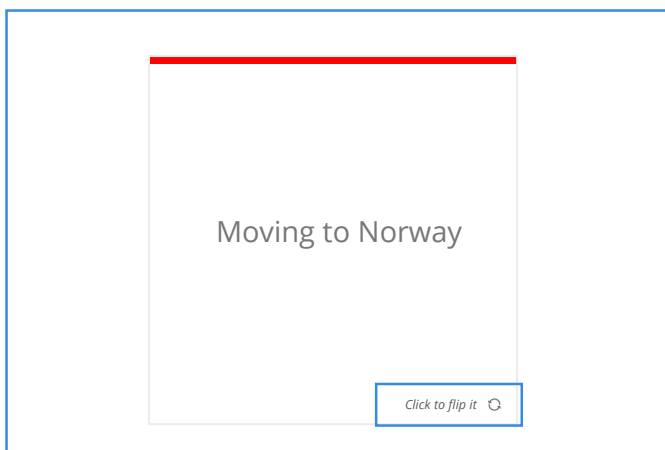

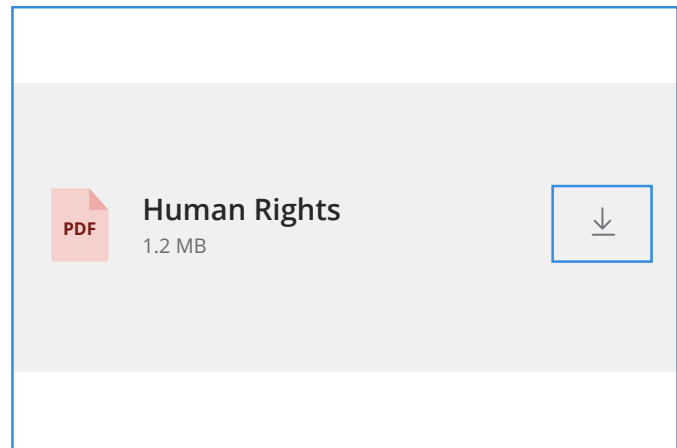

Some lessons include a "+" symbol that you can select to reveal hidden descriptions and information.

Throughout the modules you will also find resources and descriptions with calls to action that you must follow to discover additional content.

Phrases such as "Watch video", "Start questionnaire", "More information" and "Submit" are some examples.

You can download additional documents by clicking on the download icon.

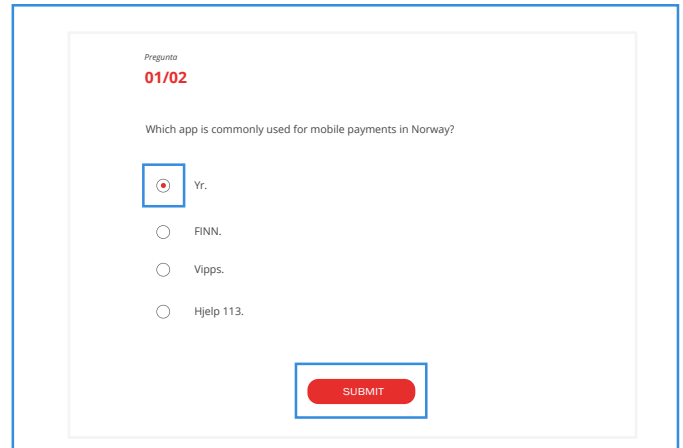

Throughout the e-modules you will also find interactive components called "flip cards".

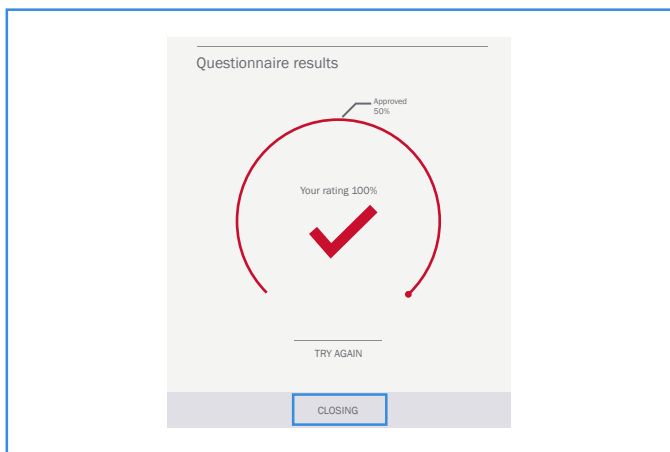

Click on these interactive elements to flip them over and discover the descriptions on the reverse side.

Module Quiz

Each module has a short quiz in the final section. Select your answers and click “Submit” to find out if you got it right or wrong. The module will automatically provide you with feedback after each attempt.

The screenshot shows a quiz question interface. At the top, it says "Pregunta 01/02". Below that, the question is "Which app is commonly used for mobile payments in Norway?". There are four radio button options: "Yr.", "FINN.", "Vipps.", and "Hjelp 113.". The "Yr." option is selected and highlighted with a blue box. At the bottom right, there is a red "SUBMIT" button.

After completing the test, click on the arrow to go to the next section.

Let's start the course!
